

Hoping
your
handbasket
is
both
comfortable
and
attractive.

We wish you and yours peace, health and happiness. Happy 2006! Lauren Hauptman & Jeff Weinberger

the yankees lost
and george bush won
the world is
upside down
we see no choice but
to eat ourselves into oblivion

wishing you good food and a better 2005

*Sadly, due to our obsession with the presidential election,
we are unable to think of clever musings for the new year.*

*Since prospects look bleak as we print this missive,
we blink back the tears, hold our heads high
and pray for the well-being of Ruth Bader Ginsburg.*

May we all make it through 2001 with minimal damage.

We wish you the happiest possible new year.
